4. For the purposes of paragraph 1, the value of non-originating materials used in the production of a good in a Party:
  - (a) shall be determined in accordance with the Agreement on Customs Valuation and shall include freight, insurance, and where appropriate, packing and all other costs incurred in transporting the material to the importation port in the Party where the producer of the good is located; or
  - (b) if such value is unknown and cannot be ascertained, shall be the first ascertainable price paid for the material in the Party, but may exclude all the costs incurred in the Party in transporting the material from the warehouse of the supplier of the material to the place where the producer is located such as freight, insurance and packing as well as any other known and ascertainable cost incurred in the Party.
5. For the purposes of paragraph 1, the VNM of a good shall not include the value of non-originating materials used in the production of originating materials of the Party which are used in the production of the good.

6. For the purposes of subparagraph 3(b) or 4(a), in applying the Agreement on Customs Valuation to determine the value of a good or non-originating material, the Agreement on Customs Valuation shall apply, *mutatis mutandis*, to domestic transactions or to the cases where there is no domestic transaction of the good or non-originating material.

**Rule 6: *De Minimis***

1. A good that does not satisfy the requirements of subparagraph 1(b) of Rule 4 an applicable CTC-based rule of origin set out in Appendix “B” shall be considered as an originating good of a Party if:

Note: For the purposes of this paragraph, subparagraph 2(a) of Rule 5 shall apply.

2. The value of non-originating materials referred to in paragraph 1 shall, however, be included in the value of non-originating materials for any applicable RVC-based rule of origin for the good.

1. Packing materials and containers for transportation and shipment of a good shall not be taken into account in determining the origin of any good.
2. Packing materials and containers in which a good is packaged for retail sale, when classified together with the good, shall not be taken into account in determining whether all of the non-originating materials used in the production of the good have met the applicable CTC-based rule of origin for the good.
3. If a good is subject to a RVC-based rule of origin, the value of the packing materials and containers in which the good is packaged for retail sale shall be taken into account as originating or non-originating materials, as the case may be, in calculating the RVC of the good.

**Rule 11: Accessories, Spare Parts, Tools and Instructional or Other Information Materials**

1. If a good is subject to the requirements of CTC or specific manufacturing or processing operation, the origin of accessories, spare parts, tools and instructional or other information materials presented with the good shall not be taken into account in determining whether the good qualifies as an originating good, provided that:
  - (a) the accessories, spare parts, tools and instructional or other information materials are not invoiced separately from the good; and
  - (b) the quantities and value of the accessories, spare parts, tools and instructional or other information materials are customary for the good.
2. If a good is subject to a RVC-based rule of origin, the value of the accessories, spare parts, tools and instructional or other information materials shall be taken into account as the value of the originating or non-originating materials, as the case may be, in calculating the RVC of the originating goods.

**Rule 12: Indirect Materials**

1. Indirect materials shall be treated as originating materials regardless of where they are produced.

2. For the purposes of this Rule, the term “indirect materials” means goods used in the production, testing, or inspection of a good but not physically incorporated into the good, or goods used in the maintenance of buildings or the operation of equipment associated with the production of a good, including:

- (h)* any other goods that are not incorporated into the good but whose use in the production of the good can reasonably be demonstrated to be a part of that production.

**Rule 13: Identical and Interchangeable Materials**

The determination of whether identical and interchangeable materials are originating materials shall be made by the use of generally accepted accounting principles of stock control applicable, or those of inventory management practised, in the exporting Party.

**Rule 14: Sub-Committee on Rules of Origin**

2. In cases where the verification procedures outlined in Rule 6 or 7 are undertaken, the customs authority of the importing Party may determine that a good does not qualify as an originating good of the exporting Party and may deny preferential tariff treatment, under any of the following conditions:

3. In cases where the verification procedures outlined in Rule 6 or 7 are undertaken, the customs authority of the importing Party shall provide the competent governmental authority of the exporting Party with a written determination of whether or not the good qualifies as an originating good of the exporting Party, including findings of fact and the legal basis for the determination, in a period, unless otherwise agreed upon by the importing Party and the exporting Party, not exceeding thirty (30) days after the date of the receipt of the information last

4. The competent governmental authority of the exporting Party shall notify the determination by the customs authority of the importing Party referred to in paragraph 3, to the exporter, or the producer of the good in the exporting Party whose premises were subject to the visit referred to in Rule 7. Where a Party provides information to another Party pursuant to this Annex and designates the information as confidential, the Party receiving the information shall maintain the confidentiality of the information, protect that information from disclosure that could prejudice the competitive position of the persons providing the information, use the information only for the purposes specified by the Party providing it, and not disclose the information without the specific written permission of the Party providing it.

2. Information obtained by the customs authority or the relevant authority of the importing Party pursuant to this Part:

4. EACH ITEM SHOULD QUALIFY: All items in a consignment should qualify separately in their own right. This is of particular relevance when similar items of different sizes are exported.
5. DESCRIPTION OF GOODS: For each good, the HS tariff classification number of the importing Party should be indicated at the six-digit level. The description of the good on a certificate of origin should be substantially identical to the description on the invoice and, if possible, to the description under the HS for the good. With respect to subheading 2208.90 and 9404.90, in an exceptional case where the good is a specific product requiring a special description (e.g. "sake compound and cooking sake (Mirin) of subheading 2208.90", "beverages with a basis of fruit, of an alcoholic strength by volume of less than 1% of subheading 2208.90" "quilts and eiderdowns of 9404.90"), such description of specific products should be indicated.
6. FREE-ON-BOARD (FOB) VALUE: The FOB value in box 9 shall be reflected only when the Regional Value Content criterion is applied determining the origin of goods. In the case of goods exported from and imported by Cambodia and Myanmar, the FOB value shall be included on the Certificate of Origin, irrespective of the origin criteria used, for 2 years upon the implementation of this new arrangement.
7. INVOICES: Indicate the invoice number and date for each item. The invoice should be the one issued for the importation of the good into the importing Party.
8. THIRD COUNTRY INVOICING: In cases where invoices are issued by a third country, in accordance with Rule 3(d) of Implementing Regulations, "the Third Country Invoicing" box in box 13 should be ticked (✓). The number of invoices issued for the importation of goods into the importing Party should be indicated in box 10, and the full legal name and address of the company or person that issued the invoices shall be indicated in box 7.

In an exceptional case where the invoice issued in a third country is not available at the time of issuance of the certificate of origin, the invoice number and the date of the invoice issued by the exporter to whom the certificate of origin is issued should be indicated in box 10. The “Third Country invoicing” in box 13 should be ticked, and it should be indicated in box 7 that the goods will be subject to another invoice to be issued in a third country for the importation into the importing Party, identifying in box 7 the full legal name and address of the company or person that will issue another invoice in the third country. In such a case, the customs authority of the importing Party may require the importer to provide the invoices and any other relevant documents which confirm the transaction from the exporting Party to the importing Party, with regard to the goods declared for import.

9. BACK-TO-BACK CERTIFICATE OF ORIGIN: In the case of a back-to-back CO issued in accordance with paragraph 4 of Rule 3 of the Operational Certification Procedures, the “Back-to-Back CO” box in box 13 should be ticked (√).
