However, where a QVC rule is applied in determining the originating status of the end good, the total added value incorporated in the territory of the exporting Party, taken together with the total added value acquired outside this Party by applying this Article, shall not exceed the stated QVC percentage.

5. Paragraphs 3 and 4 shall not apply to goods which do not fulfil the conditions set out in Article 4 or which can be considered sufficiently worked or processed only if the general tolerance of Article 7 is applied.

7. For the purposes of applying paragraph 3*(b)*(ii), 'total added value' shall be taken to mean all costs arising outside the exporting Party, including the value of the materials incorporated there.

8. Any working or processing of the kind covered by this Article and done outside the exporting Party shall be done under the outward processing arrangements, or similar arrangements.

2. Goods produced or manufactured in a free zone situated within a Party shall be considered as originating goods in that Party when exported to the other Party provided that the treatment or processing is in conformity with the provisions of this chapter and supported by a proof of origin.

Article 19: Third Party Invoicing

Upon being communicated the grounds for denial of preferential tariff treatment, the importer may, within the period provided for in the custom laws of the importing Party, file an appeal against such decision with the appropriate authority under the customs laws and regulations of the importing Party.

Article 31: Retroactive Check

1. The Customs Authority of the importing Party may request a retroactive check at random or when it has reasonable doubt as to the authenticity of the document or as to the accuracy of the information regarding the true origin of the goods in question or of certain parts thereof.

2. For the purpose of paragraph 1, the Custom Authority of the importing Party may conduct the checking process by issuing a written request for additional information from the Customs Authority or Competent Authority of the exporting Party;

3. The request shall be accompanied with a copy of the Proof of Origin concerned and shall specify the reasons and any additional information suggesting that the particulars given on the said Proof of Origin may be inaccurate, unless the retroactive check is requested on a random basis.

4. The Customs Authority of the importing Party may suspend the provisions on preferential treatment while awaiting the result of verification. However, it may release the goods to the importer subject to any administrative measures deemed necessary, provided that they are not held to be subject to import prohibition or restriction and there is no suspicion of fraud.

5. Pursuant to paragraph 2, the concerned Party receiving a request for retroactive check shall respond to the request promptly and reply not later than 90 days after the receipt of the request.

6. When a reply from the concerned Party is not obtained within 90 days after the receipt of the request pursuant to paragraph 5, the Customs Authority of the importing Party may deny preferential tariff treatment to the good referred to in the said Proof of Origin that would have been subject to the retroactive check and recover unpaid duties.

Article 32: Verification Visits

1. Pursuant to Article 31.2, if the Customs Authority of the importing Party is not satisfied with the outcome of the retroactive check, it may, under exceptional circumstances for justifiable reasons, request the Customs Authority or Competent Authority of the exporting Party to conduct a verification visit to the producer or exporter premises including inspection of the exporter's or producer's accounts, records or any other check considered appropriate.

2. Prior to conducting a verification visit pursuant to paragraph 1, the Customs Authority of the importing Party shall deliver a written notification to the Customs Authority or Competent Authority of the exporting Party to conduct the verification visit.

3. The written notification mentioned in paragraph 2 shall be as comprehensive as possible and shall include, among others, the following:

(a) the producer or exporter whose premises are to be visited;

(b) justification for the unsatisfactory outcome of the retroactive check conducted by the Competent Authority or Customs Authority of the exporting Party; and

(c) the coverage of the proposed verification visit, including reference to the good subject to the verification, and evidences of fulfilling the requirements of this Chapter.

4. The Customs Authority or Competent Authority of the exporting Party shall obtain the written consent of the producer or exporter whose premises are to be visited.

5. When a written consent from the producer or exporter is not obtained within 30 days from the date of receipt of the verification visit notification, the Customs Authority of the importing Party may deny preferential tariff treatment to the good referred to in the said Certificate of Origin that would have been subject to the verification visit.

6. The Competent Authority or Customs Authority of the exporting Party conducting the verification visit shall provide the producer or exporter, whose good is subject to such verification with a written determination of whether or not the good subject to such verification qualifies as an originating good.

7. Upon the issuance of the written determination referred to in paragraph 6 that the good qualifies as an originating good, the Customs Authority of the importing Party shall immediately restore preferential benefits and promptly refund the duties paid in excess of the preferential duty or release guarantees obtained in accordance with the domestic legislation of the Parties.

8. Upon the issuance of the written determination referred to in paragraph 6 that the good does not qualifies as an originating good, the producer or exporter shall be allowed 30 days from the date of receipt of the written determination to provide in writing comments or additional information regarding the eligibility of the good for preferential tariff treatment. The final written determination shall be communicated to the producer or exporter within 30 days from the date of receipt of the comments or additional information.

9. The verification visit process, including the actual visit and the determination under paragraph 6, shall be carried out and its results communicated to the Competent Authority or Customs Authority of the importing Party within a maximum period of six months from the first day the initial verification visit was requested. While the process of verification is being undertaken, Article 31.4 shall be applied.

Article 33: Record Keeping Requirement

1. For the purposes of the verification process pursuant to Article 31 and Article 32, each Party shall require that—

(a) the manufacturer, producer or exporter retain, for a period not less than three years from the date of issuance of the Proof of Origin, or a longer period in accordance with its domestic laws and regulations, all supporting records necessary to prove that the good for which the Proof of Origin was issued was originating;

(b) the importers shall retain, for a period not less than three years from the date of importation of the good, or a longer period in accordance with its domestic laws and regulations, all records to prove that the good for which preferential tariff treatment was claimed was originating; and

(c) the Competent Authority or issuing authority retain, for a period not less than three years from the date of issuance of the Proof of Origin, or a longer period in accordance with its domestic laws and regulations, all supporting records of the application for the Proof of Origin.

2. The records referred to in paragraph 1 may be maintained in any medium that allows for prompt retrieval, including but not limited to, digital, electronic, optical, magnetic, or written form.

Article 34: Confidentiality

All information related to the application of this Chapter communicated between the Parties shall be treated as confidential. It shall not be disclosed by the Parties authorities without express permission of the person or authority providing it.

Article 35: Contact Points

Each Party shall, within 30 days of the date of entry into force of this Agreement, designate one or more contact points within its Competent Authority for the implementation of this Chapter and notify the other Party of the contact details of that contact point or those contact points. Each Party shall promptly notify the other Party of any change to those contact details.

Article 36: Mutual Assistance

The Competent Authority of both Parties shall provide each other, before the entry into force of the Agreement, with the following:

(a) a specimen impression of the official stamps and signatures used in their offices for the issue of Certificate of Origin;

(b) name and address of the Competent Authority responsible for verifying the Proof of Origin; and

(c) secured web address for the QR codes and electronic certificates authentications.

SECTION E: CONSULTATION AND MODIFICATIONS

Article 37: Consultation and Modifications

The Parties shall consult and cooperate as appropriate through the Sub Committee on Trade in Goods to—

(a) ensure that this Chapter is applied in an effective and uniform manner; and

(b) discuss necessary amendments to this Chapter, taking into account developments in technology, production processes, and other related matters.

(b) **heading** means the first four digits of the tariff classification number under the HS;

(c) **subheading** means the first six digits of the tariff classification number under the HS;

(d) **HS** refers to the International convention on the Harmonized commodity description and Coding system of the World Customs Organization; and

(e) **change in tariff classification** (**CTC**) refers to the criteria for establishing origin under which a good is considered sufficiently worked or processed in the Party when its tariff classification number changes compared to the tariff classification numbers of the non-originating materials used in its production.

2. This Annex is set out as follows:

(a) Column 1 - The tariff classification number under the HS;

(b) Column 2 - Product Description; and

(c) Column 3 - Applicable Product-Specific Rule of Origin.

3. The specific rule, or specific set of rules, that applies to a particular chapter, heading or subheading is set out immediately adjacent to the chapter, heading or subheading.

4. Where a tariff chapter, heading or subheading is subject to alternative Product Specific Rules, the rule will be met if the good satisfies one of the alternative rules.

5. Where a specific rule of origin is defined using the criterion of a CTC, each of the non-originating materials used in the production of the good shall be required to undergo the applicable CTC.

6. A requirement of a change in tariff classification applies only to non-originating materials.

7. Where the change in tariff classification rule expressly excludes a change from other tariff classifications, the exclusion applies only to non-originating materials.

8. If a good is subject to a product-specific rule of origin that includes multiple requirements, the good shall be considered originating only if it satisfies all of the requirements.

9. For the purposes of column 3 of this Annex:

(a) **WO** or **wholly obtained** means product must satisfy the wholly obtained criteria as per Article 3 of Chapter (Rules of Origin);

(b) **QVC (35%)** means that the good must have a regional value content of not less than (35%) as calculated under Article 4 (Sufficient Working or processing) of Chapter (Rules of Origin);

(c) **CC** means that all non-originating materials used in the production of the good have undergone a change in tariff classification at the 2-digit level;

(d) **CTH** means that all non-originating materials used in the production of the good have undergone a change in tariff classification at the 4-digit level; and

(e) **CTSH** means that all non-originating materials used in the production of the good have undergone a change in tariff classification at the 6-digit level.

10. Chapter rules within this Annex apply to all headings or subheadings within the indicated chapter unless a specific exclusion is identified.

11. The origin rule for any Chapter, heading or sub-heading not listed in this annex will be the general origin rule (CTH or QVC (35%)) provided for in Article 4.1*(a)* and *(b)* of Chapter (Rules of Origin).

12. The HS codes and their descriptions in this Annex are based on the Harmonized System, as amended on 1 January 2022.
