EXPLANATORY STATEMENT

This Bill seeks —

- (a) to amend the Tobacco (Control of Advertisements and Sale) Act 1993 (the TCASA) —
 - (i) to enhance the controls relating to tobacco products, vaporisers and imitation tobacco products;
 - (ii) to control the consumption of certain psychoactive substances and prohibit tobacco products, vaporisers and imitation tobacco products containing these substances; and
 - (iii) to provide for the treatment and rehabilitation of persons who smoke, inhale or otherwise consume certain psychoactive substances or use certain types of tobacco products or vaporisers;
- (b) to make saving and transitional provisions when certain psychoactive substances cease to be controlled drugs under the Misuse of Drugs Act 1973 (the MDA); and
- (c) to amend the Poisons Act 1938 and to make consequential and related amendments to certain other Acts.

Clause 1 relates to the short title and commencement.

PART 1

AMENDMENT OF TOBACCO (CONTROL OF ADVERTISEMENTS AND SALE) ACT 1993

Part 1 amends the TCASA and consists of clauses 2 to 23.

Clause 2 replaces the long title to the TCASA —

- (a) to make clear that the TCASA provides for the control of tobacco products, vaporisers and imitation tobacco products, which includes prohibiting the import, supply, possession, purchase and use of vaporisers;
- (b) to broaden the scope of the TCASA to include the control of the consumption of certain psychoactive substances; and
- (c) to provide for the treatment and rehabilitation of persons who smoke, inhale or otherwise consume such psychoactive substances or use certain tobacco products or vaporisers.

Clause 3 amends the short title to rename the TCASA as the Tobacco and Vaporisers Control Act 1993.

Clause 4 amends section 2(1) to insert new definitions of various terms, including “psychoactive effect”, “specified psychoactive substance” and “vaporiser”.

A vaporiser means any device or article that is used, intended to be used or described to be suitable for use for the purpose of vaporising any liquid or substance to produce any emission (including any aerosol) for oral inhalation by a user of the device or article. However, it does not include any tobacco product mentioned in the new section 15(1)(a) or a therapeutic product registered under the Health Products Act 2007.

A specified psychoactive substance (SPS) means a substance or product that is specified in the new Schedule (as inserted by clause 23) or that falls within a class of substances or products specified in that Schedule, being a substance or product that has the capacity to have a psychoactive effect on an individual if the individual smokes, inhales or otherwise consumes, the substance or product, and is abused or is likely to be abused by using a Part 3A product. A psychoactive effect means the stimulation or depression, whether directly or indirectly, of an individual’s central nervous system, affecting the individual’s mental functioning or emotional state. Currently, only the substance etomidate and its analogues are specified in the new Schedule.

Clause 4 also replaces or amends various definitions in section 2(1), such as the definitions of “imitation tobacco product” and “tobacco product”. The amended definition of “tobacco product” includes a heated tobacco product, which has a heater component which is used to heat up a tobacco component.

Clause 5 replaces the Part heading of Part 3 to better reflect the intent and effect of the provisions of that Part.

Clause 6 introduces the new section 14. The new section 14 re-enacts the prohibitions under the deleted section 15(2) on the import into Singapore, and the distribution, sale, offer for sale and possession for the purpose of sale in Singapore, of any prescribed tobacco product or class of tobacco product that contains, or the emissions of which contain, any substance in excess of the maximum amount prescribed for that substance. Further, the prohibitions under the new section 14 are extended to prescribed tobacco products and classes of tobacco products that contain, or the emissions of which contain, any substance that is prescribed.

Also, the prohibitions under the new section 14 cover —

- (a) the giving in Singapore, and the transport, sending, delivery or distribution within Singapore, of any tobacco product described in the previous paragraph (section 14 tobacco product);
- (b) the offering to do any act mentioned in paragraph (a); and

- (c) the possession of section 14 tobacco products for the purpose of doing any act mentioned in paragraph (a).

Contravention of any prohibition under the new section 14 is an offence. Previous convictions under the deleted section 15(6) in respect of a contravention of the deleted section 15(2) will count as antecedents for the purpose of sentencing an offender for an offence under the new section 14(7).

The new section 14(3) re-enacts the exception in the deleted section 15(4) in relation to section 14 tobacco products, and applies to the following acts by a person:

- (a) the import of section 14 tobacco products into Singapore solely for the purpose of taking such tobacco products out of Singapore;
- (b) the transport of section 14 tobacco products within Singapore pending those tobacco products being taken out of Singapore;
- (c) the possession of section 14 tobacco products in Singapore pending those tobacco products being taken out of Singapore.

However, the new section 14(4) provides that the prohibitions in the new section 14(1) and (2) still apply to —

- (a) an individual who does any act mentioned in the new section 14(3) for or on behalf of another individual; or
- (b) an individual in relation to any section 14 tobacco product that the individual imports into Singapore for his or her personal use.

Clause 7 replaces sections 15 and 16 and introduces the new sections 16A, 16B and 16C.

Section 15 is replaced —

- (a) to extend the prohibitions under the deleted section 15(1) and (3) on the import into Singapore, and the distribution, sale, offer for sale, possession (whether for the purpose of sale or some other purpose), purchase and use in Singapore, of chewing tobacco and other prescribed tobacco products or classes of tobacco products (section 15 tobacco products) to apply to any component of a section 15 tobacco product. For example, these prohibitions will apply to fully-assembled heated tobacco products, as well as the heater component and tobacco component of such tobacco products on their own;
- (b) to extend the prohibitions to the giving in Singapore, and the transport, sending, delivery or distribution within Singapore, of section 15 tobacco products and their components, the offering to do any such act

and the possession of section 15 tobacco products and their components for the purpose of doing any such act; and

- (c) to increase the penalties for an offence involving any section 15 tobacco product as compared to the penalties for similar offences under the deleted section 15. A mandatory term of imprisonment will be imposed on any person convicted of an offence under the new section 15(6) or (7).

The new section 15(4) re-enacts the exception in the deleted section 15(4) in relation to section 15 tobacco products, and applies to the following acts by a person:

- (a) the import of section 15 tobacco products or their components into Singapore solely for the purpose of taking them out of Singapore;
- (b) the transport of section 15 tobacco products or their components within Singapore pending their being taken out of Singapore;
- (c) the possession of section 15 tobacco products or their components in Singapore pending their being taken out of Singapore.

However, the new section 15(5) provides that the prohibitions in the new section 15(1), (2) and (3)(a) still apply to —

- (a) an individual who does any act mentioned in the new section 15(4) for or on behalf of another individual; or
- (b) an individual in relation to any section 15 tobacco product or component of a section 15 tobacco product that the individual imports into Singapore for his or her personal use.

Section 16 is replaced to make clear that the prohibitions under the deleted section 16 on the import into Singapore, and the distribution, sale, offer for sale, possession (whether for the purpose of sale or some other purpose), purchase and use in Singapore, of vaporisers and their components (previously treated as imitation tobacco products and their components) continue to apply. Further, the prohibitions are extended to —

- (a) the giving in Singapore, and the transport, sending, delivery or distribution within Singapore, of vaporisers and their components;
- (b) the offering to do any act mentioned in paragraph (a); and
- (c) the possession of vaporisers and their components for the purpose of doing any act mentioned in paragraph (a).

The penalties for offences involving vaporisers and their components are increased as compared to the penalties for similar offences under the deleted section 16. A mandatory term of imprisonment will be imposed on any person convicted of an offence under the new section 16(4) or (5).

The new section 16A re-enacts the prohibitions under the deleted section 16 on the import into Singapore, and the distribution, sale, offer for sale, possession (whether for the purpose of sale or some other purpose), purchase and use in Singapore, of imitation tobacco products and their components. Further, the prohibitions are extended to —

- (a) the giving in Singapore, and the transport, sending, delivery or distribution within Singapore, of imitation tobacco products and their components;
- (b) the offering to do any act mentioned in paragraph (a); and
- (c) the possession of imitation tobacco products and their components for the purpose of doing any act mentioned in paragraph (a).

The penalties for offences involving imitation tobacco products and their components are increased as compared to the penalties for similar offences under the deleted section 16.

The new section 16B introduces various rebuttable presumptions relating to possession and knowledge that apply to and in relation to offences under the new section 14(7), 15(6) or (7), 16(4) or (5) or 16A(4).

The new section 16C introduces a rebuttable presumption that applies to and in relation to offences under the new section 14(7), 15(6) or (7), 16(4) or (5) or 16A(4) where a prohibited item is found in any vehicle or trailer.

Clause 8 amends section 17 as follows:

- (a) section 17(1) is re-enacted and the prohibitions are extended to —
 - (i) the giving in Singapore, and the transport, sending, delivery or distribution within Singapore, of any tobacco product which, or the packaging or labelling of which, does not comply with section 17(3);
 - (ii) the offering to do any act mentioned in sub-paragraph (i); and
 - (iii) the possession of any such tobacco product for the purpose of doing any act mentioned in sub-paragraph (i);
- (b) section 17(2) is amended to disapply the exception to the prohibition under section 17(1)(a) to the import of tobacco products into Singapore by an individual.

Clause 9 makes a consequential amendment to section 18(11).

Clause 10 inserts the new section 18A, which applies to the owner or occupier (*X*) of any land, building or place in Singapore, or any part of any such land, building or place. *X* commits an offence if *X* permits or allows any other person to store or keep any section 14 tobacco product, section 15 tobacco

product, vaporiser or imitation tobacco product (applicable product), or any component of an applicable product, in or on the land, building or place. This is unless *X* exercised due care to ascertain that the thing that is kept in or on *X*'s land, building or place is not an applicable product or a component of an applicable product. There is an exception that applies to the keeping of any applicable product or component of an applicable product in a free trade zone declared under section 3(1) of the Free Trade Zones Act 1966 or a licensed warehouse within the meaning given by section 3(1) of the Customs Act 1960, where the applicable product or component is imported into Singapore solely for the purpose of taking it out of Singapore. The exception applies for the duration that the applicable product or component is kept pending its being taken out of Singapore.

Clause 11 inserts a new Part 3A which relates to the control of certain products and SPS and to provide for treatment and rehabilitation. The new Part 3A is divided into Divisions 1 to 4.

Division 1 of the new Part 3A deals with preliminary matters. The new section 19A defines certain terms used in the new Part 3A. A "Part 3A product" means any of the following products:

- (a) any tobacco product;
- (b) any imitation tobacco product;
- (c) any vaporiser;
- (d) any component of a product mentioned in paragraph (a), (b) or (c).

The new section 19A(2) also empowers the Chief Executive of the Health Sciences Authority (the Chief Executive) to appoint officers of the Authority as supervising officers for the purposes of the new Part 3A.

Division 2 of the new Part 3A creates offences involving Part 3A products containing SPS and consumption of SPS. The offences are similar to certain offences in Part 2 of the MDA.

The new section 19B makes it an offence to import any Part 3A product that contains an SPS.

The new section 19C makes it an offence to sell or give in Singapore or transport, send, deliver or distribute within Singapore any Part 3A product that contains an SPS. An offer to do any such act or possession of any such Part 3A product in Singapore for the purpose of any such act is also an offence.

The new section 19D makes it an offence to possess or purchase any Part 3A product that contains an SPS. This offence excludes possession for the purpose of sale or gift in Singapore, or transport, sending, delivery or distribution within Singapore because that would be a more serious offence under the new section 19C(1)(c). For example, a person who possesses a vaporiser containing

an SPS for the purpose of his or her own consumption exclusively commits an offence under the new section 19D.

The new section 19E makes it an offence for a person to smoke, inhale or otherwise consume an SPS. For example, where a person inhales etomidate by using a vaporiser, the person has committed an offence under the new section 19E(1). However, the prosecution need not prove that the SPS was smoked, inhaled or otherwise consumed using a vaporiser.

The new section 19F provides that the offence under the new section 19E(1) (consuming an SPS) applies to a citizen or permanent resident of Singapore outside Singapore as well as in Singapore. The person must be found as a result of urine tests to have consumed an SPS.

The new section 19G makes it an offence for an adult of or above 21 years of age to knowingly or recklessly expose a child to any Part 3A product containing an SPS or to permit a young person to smoke, inhale or otherwise consume an SPS using a Part 3A product in the adult's possession.

The new section 19H makes it an offence for an adult of or above 21 years of age to cause or procure any young person or vulnerable person to commit any offence under the new section 19B(1) or 19C(1).

The new section 19I makes it an offence to arrange or plan gatherings where any Part 3A product that contains an SPS is, or is to be, used, sold, given or distributed at that gathering.

Division 3 of the new Part 3A deals with evidence and enforcement in relation to Division 2 offences. These provisions are similar to certain provisions in Part 3 of the MDA.

The new section 19J empowers an authorised officer to require a person suspected of having committed an offence under the new section 19E(1) to provide a specimen of the person's urine for urine tests to be conducted in accordance with this section. The Chief Executive may also require persons with certain antecedents to provide a specimen of urine for urine tests to ascertain whether they are still smoking, inhaling or otherwise consuming, or are dependent on the effect of, an SPS.

The new section 19K empowers an authorised officer to require a person suspected of having committed an offence under the new section 19E(1) to provide a specimen of the person's hair for hair tests to be conducted in accordance with this section. The Chief Executive may also require persons with certain antecedents to provide a hair specimen for a hair test to ascertain whether they are still smoking, inhaling or otherwise consuming, or are dependent on the effect of, an SPS.

The new section 19L empowers an authorised officer to require a person suspected of having committed an offence under the new section 19E(1) to

provide a specimen of the person's oral fluid for oral fluid tests to be conducted in accordance with this section.

The new section 19M introduces a rebuttable presumption that a person consumed an SPS where the person's urine tests positive for an SPS.

The new section 19N introduces rebuttable presumptions relating to the possession and knowledge of a Part 3A product containing any SPS (Part 3A-SPS product) found in a container or premises (other than a conveyance or part of a conveyance). A person who is proved to have had in his or her possession or custody or under his or her control anything containing a Part 3A-SPS product, the keys of anything containing a Part 3A-SPS product, the keys of any premises in which a Part 3A-SPS product is found or a document of title relating to a Part 3A-SPS product or any other document intended for the delivery of a Part 3A-SPS product, is presumed, until the contrary is proved, to have had that Part 3A-SPS product in his or her possession. A person who is proved or presumed to have a Part 3A-SPS product in his or her possession is presumed, until the contrary is proved, to know that the Part 3A-SPS product is a Part 3A product that contains an SPS. The presumption of possession applies in relation to offences of importation or sale of Part 3A-SPS products. The presumption of knowledge applies to these offences as well as to an offence of mere possession of Part 3A-SPS products.

The new section 19O introduces a rebuttable presumption relating to vehicles and trailers in which a Part 3A-SPS product is found. This presumption applies in relation to offences of importation or sale of Part 3A-SPS products.

The new section 19P(1) introduces a rebuttable presumption that a substance or product that is specified in the new Schedule is presumed to have a psychoactive effect on an individual if the individual smokes, inhales or otherwise consumes, the substance or product. The new section 19P(2) provides that where knowledge that a substance is an SPS is a fault element of an offence in the Act, that fault element is established if the person alleged to have committed the offence knows that the SPS has the capacity, or is presumed to have the capacity, to have a psychoactive effect on an individual if the individual smokes, inhales or otherwise consumes, the substance or product. It does not matter whether or not the person knows the name or chemical composition of the SPS.

The new section 19Q deals with the protection of the identity of informers who have given information with respect to an offence under the new Part 3A.

Division 4 of the new Part 3A deals with treatment and rehabilitation.

The new section 19R(1) empowers the Chief Executive to make an order requiring a person to undergo community-based rehabilitation under the supervision of a supervising officer for a period not exceeding 2 years. Before doing so, the Chief Executive must have reasonable grounds to believe that the person has either smoked, inhaled or otherwise consumed an SPS or has consumed

any other substance by using a section 15 tobacco product or vaporiser. The Chief Executive must also be of the opinion that it is necessary for the person to undergo rehabilitation. The new section 19R(2) sets out non-exhaustive grounds on which the Chief Executive may form his or her belief in the new section 19R(1). The new section 19R(3) empowers the Chief Executive to direct persons with certain categories of antecedents to undergo such community-based rehabilitation. The new section 19R(5) sets out the requirements that may be specified in the community-based rehabilitation order. These requirements cannot involve the detention of the person in any place.

The new section 19S applies where a community-based rehabilitation order is made under the new section 19R(1) against a young person. The Chief Executive may require the parent or guardian of the young person to attend any counselling session or educational instruction session, whether or not together with the young person.

The new section 19T(1) empowers the Chief Executive to make an order requiring a person who is suspected of having smoked, inhaled or otherwise consumed an SPS to be admitted to an approved institution for treatment and rehabilitation and to be detained there for a period not exceeding 12 months. The grounds on which the order may be made are set out in the new section 19T(1). For example, a person who was previously ordered to undergo supervision or to be detained in an approved institution under section 34(2)(a) or (b) (respectively) of the MDA in relation to etomidate or any of its analogues, may be ordered to be admitted to an approved institution under the new section 19T. The Review Committee of an approved institution or a community rehabilitation centre (to which an inmate may be transferred) may extend an inmate's detention if it is of the opinion that the inmate requires further treatment or rehabilitation or both. A person cannot be detained for a period of more than 2 years after his or her admission to the approved institution. An approved institution and a community rehabilitation centre are the entities declared under section 35(1) of the MDA.

The new section 19U provides that the MDA applies to an inmate or a person detained under the new section 19T, as if the inmate or person were an inmate as defined in section 2 of the MDA or a person detained under section 34 of the MDA. This is subject to any exceptions or modifications that may be prescribed in regulations. Clause 33(b) makes a related amendment to section 35 of the MDA to provide that an approved institution or a community rehabilitation centre may be declared for the purpose of treatment and rehabilitation of persons who smoke, inhale or otherwise consume SPS.

Clause 12 inserts a new Part 3B, which comprises the new sections 19V and 19W.

The new section 19V sets out definitions for the purposes of the new Part 3B.

The new section 19W imposes obligations on the responsible person of any premises (specified premises) that are prescribed for the purposes of the new Part 3B if an individual is found in possession of or uses any section 15 tobacco product, vaporiser or imitation tobacco product in or on the specified premises. Specified premises may include a conveyance as defined in section 2(1).

It is an offence for a responsible person to not comply with the obligations imposed under the new section 19W. The new section 19W does not affect any obligation of a responsible person under the Smoking (Prohibition in Certain Places) Act 1992, where the responsible person is the manager of a specified place or the operator of a specified vehicle as defined in that Act.

Also, it is an offence for any person to hinder, obstruct, threaten, abuse, molest or assault a responsible person in the performance of the responsible person's duties under the new section 19W.

Clause 13 amends section 23(1)(b) to provide that a police officer or an authorised officer may search any person if the police officer or authorised officer reasonably suspects that the person has committed or is committing an offence under the TCASA.

Clause 14 inserts the new section 23A to provide that a person who has been arrested under section 23(1)(d) may be released on bail or on personal bond granted by any officer of the Health Sciences Authority (the Authority).

Clause 14 also inserts the new section 23B, which allows every authorised officer to carry or have in his or her possession or under his or her control any truncheon, handcuffs or other similar means of restraint.

Clause 15 amends section 26, which concerns the enforcement powers of the Chief Executive or an authorised officer under the TCASA. In particular —

- (a) the Chief Executive or authorised officer may seize and detain any vehicle or trailer that he or she reasonably suspects is being, has been or is intended to be used for or in connection with the commission of an offence under the TCASA and, for that purpose, may break open any door, window or lock or any other thing. The Chief Executive or authorised officer must inform the owner of the vehicle or trailer of the seizure, unless the vehicle or trailer is seized in the presence of the person reasonably suspected to have used the vehicle or trailer to commit an offence under the TCASA, or the owner of the vehicle or trailer or his or her agent; and
- (b) the Chief Executive or authorised officer may seize any cash found in or on any premises or on any person where he or she has reasonable cause to suspect that the cash may afford evidence as to the commission of any offence under the TCASA. If the cash is seized

by an authorised officer, the authorised officer must deliver the seized cash, as soon as is practicable, into the care of the Chief Executive or an officer of the Authority who is an authorised officer and whose duty it is to receive the seized cash.

Clause 16 makes consequential amendments to section 28 arising from amendments to section 26.

Clause 17 inserts the new section 28A, which provides that a certificate signed by an analyst employed by the Authority or a person appointed by the Minister relating to a product or substance that is the subject of an offence under the TCASA, may be admitted in proceedings for an offence under the TCASA and, until the contrary is proved, is proof of the matters in that certificate.

Clause 18 amends section 29 —

- (a) to disapply section 29 to and in relation to any cash seized in exercise of a power conferred by the TCASA; and
- (b) to provide that the court must not order the forfeiture of a vehicle or trailer seized in exercise of a power conferred by the TCASA if the owner of the vehicle or trailer satisfies the court that the vehicle or trailer was unlawfully in the possession of another person without the owner's consent.

Clause 19 amends section 30 to provide that the Minister's power to order anything seized in exercise of a power conferred by the TCASA to be delivered to the owner or other person entitled to the thing does not apply to or in relation to any cash seized.

Clause 20 inserts the new sections 30A and 30B.

The new section 30A provides that sections 370, 371 and 372 of the Criminal Procedure Code 2010 apply, with the necessary modifications, in relation to the disposal of any cash seized by the Chief Executive or an authorised officer.

The new section 30B provides that, in relation to the seizure of anything (excluding any cash), a person is not entitled in any court proceedings to the costs of the proceedings or to damages or other relief arising from the seizure, unless the seizure was made without reasonable or probable cause.

Clause 21 amends section 37(2) —

- (a) to provide that the Minister may make regulations authorising the import, sale or possession of tobacco products, vaporisers or imitation tobacco products or their components that contain an SPS and prescribing the circumstances and conditions under which such import or possession is permitted;

- (b) to provide that the Minister may make regulations authorising the consumption of specified psychoactive substances and prescribing the circumstances and conditions under which such consumption is permitted; and
- (c) to make clear that the Minister may make regulations to prescribe any matter that is required or permitted to be prescribed under or for the purposes of the TCASA.

Clause 22 inserts the new section 40. The new section 40 empowers the Minister, by order in the *Gazette*, to amend the new Schedule, with any necessary transitional provisions accompanying the amendment.

Clause 23 inserts a new Schedule which contains the descriptions of SPS.

Clause 24 makes miscellaneous amendments to various provisions to include references to vaporisers.

PART 2

AMENDMENT OF POISONS ACT 1938

Part 2 amends the Poisons Act 1938 (Poisons Act) and consists of clauses 25 to 30.

Clause 25 updates the definition of “Chief Executive of the Authority”.

Clause 26 amends section 16(1) to increase the penalties for an offence arising from a contravention of any provision of the Poisons Act, other than a contravention of section 19(1).

Clause 27 amends section 19(2) to increase the penalties for an offence of contravening the prohibition under section 19(1) on the sale of any poison to a person below 18 years of age.

Clause 28 replaces section 19A to increase the maximum composition sum for offences under the Poisons Act or any rules made under the Act which are prescribed as compoundable offences under the Act.

Clause 29 replaces section 19B to provide that all composition sums collected under section 19A must be paid into the Consolidated Fund.

Clause 29 also introduces the new section 19C. The new section 19C provides that an employee of the Authority (authorised employee) who is authorised by the Chief Executive of the Authority under section 19A(1) to compound offences is, in relation to his or her administration, collection and enforcement of payment of any composition sum collected under section 19A, treated as a public officer for the purposes of the Financial Procedure Act 1966. These moneys are public moneys that must be accounted for in the Consolidated Fund. Also, section 20 of the Financial Procedure Act 1966 (on surcharge for loss of public moneys, etc.)

applies to an authorised employee even though he or she is not or was not in the employment of the Government.

Clause 30 amends section 20(1) —

- (a) to make clear that the Minister’s power to make rules to carry out the purposes of the Poisons Act includes the power to make rules prescribing the offences under the Act or any rules made under the Act that may be compounded; and
- (b) to increase the penalties for any offence arising from any act or omission in contravention of any rules made under the Act.

PART 3

RELATED AND CONSEQUENTIAL AMENDMENTS

Part 3 makes related and consequential amendments to other Acts and consists of clauses 31 to 38.

Clause 31 makes a related amendment to section 2 of the Civil Defence Act 1986 to include SPS within the scope of the definition of “psychoactive substance” for the purposes of that Act.

Clause 32 makes a related amendment to section 2(1) of the Merchant Shipping Act 1995 to include SPS within the scope of the definition of “psychoactive substance” for the purposes of that Act.

Clause 33 makes related amendments to the MDA. The definition of “inmate” in section 2 of the MDA is amended to refer to the order under section 34 of the MDA. Section 35 of the MDA is amended to provide that the declared approved institution or community rehabilitation centre may be for the purpose of treatment and rehabilitation of persons who smoke, inhale or otherwise consume an SPS as defined in section 2(1) of the Tobacco and Vaporisers Control Act 1993. To avoid overlap, the Fifth Schedule to the MDA is amended to exclude a specified psychoactive substance as defined in section 2(1) of the Tobacco and Vaporisers Control Act 1993 from the definition of a “psychoactive substance” in section 2 of the MDA.

Clause 34 makes related amendments to the Prisons Act 1933. A prisoner who is subject to a release order, a home detention order, an external placement order or an employment preparation order must not consume SPS, or have in his or her possession a Part 3A product containing SPS. The definition of “unauthorised article” in section 66(4) of that Act is also amended to include a Part 3A product.

Clause 35 makes a related amendment to section 72(1) of the Road Traffic Act 1961 to include SPS within the scope of the definition of “psychoactive substance” for the purposes of that Act.

Clause 36 makes related amendments to sections 34 and 99 of the Singapore Armed Forces Act 1972 to include possession and consumption of SPS as offences punishable under that Act, and to provide that a certificate pertaining to an analysis of SPS is admissible in such proceedings and, until the contrary is proved, is proof of the matters in that certificate.

Clause 37 makes a related amendment to section 2 of the Smoking (Prohibition in Certain Places) Act 1992 to exclude from the definition of “smoking” the inhaling and expelling of smoke emitted by a vaporiser or the holding of any vaporiser that is emitting smoke.

Clause 38 makes consequential amendments to other Acts arising from the change in the short title to the TCASA.

PART 4

SAVING AND TRANSITIONAL PROVISIONS

Clause 39(1) and (2) provides for saving and transitional provisions arising from the fact that the MDA ceases to apply to certain Class C controlled drugs after the transitional period between 1 September 2025 and the date immediately before the date of such cessation, both dates inclusive. These drugs are etomidate and its analogues which are identical to the substances specified in the new Schedule to the TCASA as SPS. After the transitional period, etomidate and its analogues will cease to be classified as Class C controlled drugs under the MDA and will instead be classified as an SPS under the Bill. The MDA will continue to apply to orders, arrests, apprehensions and other acts done during the transitional period. For example, a person who was arrested on suspicion of having consumed etomidate during the transitional period may still be ordered to be admitted to an approved institution for rehabilitation after the transitional period. Clause 39(3) clarifies that an institution or a place declared to be an approved institution or a community rehabilitation centre under section 35 of the MDA before that section was replaced by clause 33(b) of the Bill will be deemed to have been declared under the new section 35 of the MDA.

Clause 39(4) provides that the increased composition sum in the new section 19A of the Poisons Act does not apply to any compoundable offence that is reasonably suspected of having been committed before the amendments in clause 28 come into operation.

Clause 39(5) clarifies to avoid doubt that nothing in clause 39 affects section 16 of the Interpretation Act 1965.

Clause 39(6) contains a transitional provision and empowers the Minister to make further provisions of a saving or transitional nature for any provision of the Bill for a period of 2 years after the date of commencement of any provision of the Bill.

EXPENDITURE OF PUBLIC MONEY

This Bill will involve the Government in extra financial expenditure, the exact amount of which cannot at present be ascertained.
